AGENDA FOR TELEPHONIC INTERVIEW

Commissioner of Patents
P.O. Box 1450
Alexandria, VA 22313-1450

SIR:

In anticipation of the telephonic interview scheduled for September 14, 2005, Applicants submit this proposed agenda.

Applicants propose to discuss claim 29 in light of the cited references, particularly *Calder, et al. (U.S. Patent No. 5,963,972)*.

Claim 29 claims generating a graph comprising nodes corresponding to blocks of memory. Although *Calder* teaches a graph, *Calder's* graph does not include nodes that correspond to blocks of memory. Instead, *Calder's* nodes correspond to instructions, which are placed in cache memory locations after the graph has been created. (See, *Calder* 4:41-58).

Respectfully submitted,

(Reg. No. 45,034)
